

Mangold Insight initiates coverage of PolarCool and publishes initial analysis

Mangold Insight has initiated coverage of PolarCool AB (publ.) with a target price of SEK 10.0 per share and has published an initial analysis today.

Mangold identifies significant growth opportunities for the company due to its first-mover advantage in a large, undeveloped market. With a fully developed and scientifically validated product, the company is well-positioned to capitalize on an anticipated FDA approval in the United States. Furthermore, Mangold highlights strong demand in Canada and the potential for significant sales growth through larger agreements and continued scientific validation.
